

IGlobe Solutions
global solutions for global business

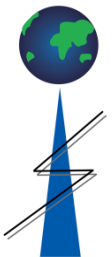

your **Digital Media** partner

WE ARE...

A Web and Mobile solutions company addressing requirements of customers, helping in improving business processes by taking advantage of digital media platform based technologies. Started in the year 2002 as a web solutions company & then going on to become a mobile solutions company in the year 2007.

At **IGlobe Solutions**, we create Enterprise solutions, a perfect means of changing the way companies do business, by speeding up communication and information flow of our clients in building global brands.

With the aim of becoming the partner of choice for our clients in the chosen field of Web, Digital Media & Software services, **IGlobe Solutions** is continuously improving its software engineering and delivery processes by applying industry typical methodologies. This focus, along with our prominence on customer satisfaction, makes **IGlobe Solutions** a tactical partner who can provide its customers the competitive advantage in their business.

OUR STRENGTHS ARE...

People

At IGlobe Solutions, we believe that our people are our greatest asset. Vibrant teams of web professionals spread across various specialization areas. Every individual's views, ambitions and aspirations together form the IGlobe Solutions way of life.

Values

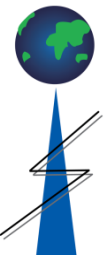

We believe that our success depends on our Clients satisfaction and their growing business.

Complete Solutions

IGlobe Solutions offers complete solutions that include consultancy, design, development, promotion & management. We enhances value for the clients by bringing to the table an excellent understanding of business processes.

WE INTEND...

To include the best in technologies and services thereby creating a pool of benefits and joyous environment for our Clients, in the new boundary-free global economy.
